concept

Concepts are defined as ordinary ideas or general notions that occur in the mind, Concept they are understood to be the fundamental building a bathroom, kitchen and other place which is more beauty in home. concept are play an important role in life as well as in our home. As such, concepts are studied by several disciplines, such as linguistics, psychology, and philosophy, and these disciplines are interested in the logical and psychological structure of concepts, and how they are put together to form thoughts and sentences. The study of concepts has served as an important flagship of an emerging interdisciplinary approach called cognitive science.

Concepts can be organized into a hierarchy, higher levels of which are termed "superordinate" and lower levels termed "subordinate".
